20 September 2024

The Hon Anthony Albanese MP  
Prime Minister  
Parliament House  
CANBERRA ACT 2600

By email: [parliament@pm.gov.au](mailto:parliament@pm.gov.au)

Dear Prime Minister

We the under-signed are writing to seek an immediate and urgent investigation following the discovery of DNA contamination in mRNA covid vaccines in Australia.

On 18 September 2024, an alarming [report](#) was released by Canadian virologist, Dr David Speicher, confirming significant synthetic DNA contamination in Pfizer and Moderna COVID-19 vaccines used in Australia. A copy of the report is attached.

The findings indicate DNA contamination levels up to 145 times higher than Australia's Therapeutic Goods Administration (TGA) safety limits. These findings have also been replicated in [Germany](#), [Canada](#), and the [United States](#). This information adds to the growing safety concerns surrounding these vaccines.

Dr Speicher's findings suggest the Pfizer and Moderna vaccines were rushed to the public without adequate safety testing of the non-trial based batches. Now we are seeing alarming DNA contaminations levels coupled with the possibility of genomic integration. This could explain the reported rise in cancers and other severe health outcomes we are seeing in our highly vaccinated Australian population.

This evidence demands that a full and transparent inquiry be held into the safety of these vaccines.

**Australians deserve answers.** We strongly recommend that the use of all COVID-19 vaccines in Australia be immediately suspended while an urgent independent investigation is established to understand the broader implications for Australians of the erstwhile widespread use of these products. We are willing to donate our time and expertise to this investigation pro-bono if government authorities request our help and provide access to the necessary data.

It would appear that both the TGA and the Department of Health have failed the Australian people by ignoring repeated warnings by experts and pushing ahead by continuing to distribute these vaccines.

The Department of Health must be held accountable for these failures and we urge you to authorise an independent investigation of these products

This letter has been copied to Minister Butler, the TGA and the Human Rights Commissioner.

Yours Sincerely

**Russell Broadbent MP**
